

"VIRTUAL" GREEN UP DAY

Due to the need for social distancing, EVA's annual Green Up Day will be different this year.

We are asking folks to participate individually on May 9, 10, 16 or 17 as their schedule allows.

Please register your route in advance by emailing Janet Lovely at jmlovely@comcast.net to avoid duplication.

Janet can also assign you a route from her master map list.

Bags are available in a plastic tub in front of the EVA office at 3 Shaker Hill Rd. Look for the 2 "socially spaced out" scarecrows on the front lawn.

Full bags may be dropped off at 4 collection points: EVA office, Main St. Rail Trail parking lot, Mascoma Lakeside Park and LaSalette parking lot on 4A. Look for signs designating drop areas. Bags will be picked up on Monday.

It would be very helpful if you would register your completed route by email to jmlovely@comcast.net

Bags may also be placed in your curbside pickup bins. The Town has asked folks not to bring bags to the Transfer Station to reduce staff exposure infection.

We will miss the fellowship of our usual community clean up and lunch, but many people are responding favorably to this "virtual" plan working "together, apart" to spruce up Enfield streets, Rail Trail and public places.

THANK YOU for "KEEPING the GOOD THINGS HAPPENING!"
